1. NOTICES

Isle of Man Tour proposal – September 2020

More details are on page 5 of this newsletter, including how to register your interest.

2020 Membership

I am pleased to advise that membership rates for the 2020 calendar year are unchanged - £30 standard membership and £12 for young members (Young: at 1st January 2020 all up to 18 years, and those in full time study or apprenticeships up to 30 years). Your membership number will appear on the envelope label for The Journal, and on posted Newsletters. If the number starts with “19” then renewal is due in the period 2nd January to 31st March (See Constitution, item 3d & 3f). The usual form will be mailed in January Newsletter including banking information.

The Newsletter is sent out as standard by electronic means – Mailchimp – please ensure your computer (particularly if you have a Company or School based email address) recognizes THE ORGAN CLUB. The Newsletter can always be found on the website. If you do not have email or are unable to print, a printed issue is available. Online & email versions are updated so please keep an eye on the Club’s web site.

GDPR requires ALL changes to membership information – emails/telephone number/address must be sent to me not to any other officer.

My contact details are shown on page 3 of each Journal; my email for ALL correspondence is markmdjameson@btinternet.com ; landline is **01189 344212**, and text messages (NOT email) can be sent to my mobile **07802 715634**.

Future Charity Status & Membership

Progress has been slower than hoped. Our Treasurer, Neville Joseph, continues working on this, and our General Secretary, John Henderson, has been examining our Constitution to ensure our practice is accurate.

176 members promptly agreed to Gift Aid (when renewing for 2019) with many others saying they would check once Charity status was granted – thus showing agreement for the Club to attain Charity status.

The late Philip Weston, who drew up the Constitution in 1998, set it to provide for this change.

When dealing with officialdom, almost the first question every time is a request for the Charity Number. Please support this change.

The confidential forms will remain with the Membership Secretary.

Sales of items from Bequests

Progress has been made this autumn due to the generosity of several members, and I am now down to one stack of boxes. I still have many books, leaflets, specifications and CD/DVDs available. Some extra CDs have been added.

There are now just two PDF lists – books etc, 411 items (18 pages), CD/DVD 98 (7 pages). If a printed list is needed, please send £5 as a contribution to paper, ink, envelope and postage costs. Contact information as above.

2. CLUB MEETINGS

Saturday November 16th 2019: Bishop's Stortford

11:00 St Michaels P.C. Windhill, CM23 2ND

Recently reconstructed in 2016 by Mander Organs, this is now basically a new organ using almost all of the original 1888 Kirkland pipework with additions by Walkers, Nicholsons and Manders.

It is now a very fine Parish Church Organ - Gt 12; Sw 10; Ch 12; Ped 10.

12:30 - 14:00 Lunch

There are numerous eateries in Town within very easy walking distance of this and the next church.

14:15 Water Lane U.R.C. Water Lane, CM23 2JZ

Organ by William Hill 1898, rebuilt by H.N&B in 1952 with pneumatic action and then again in 1995 when it was electrified and a detached console added. Gt 8; Sw 10; Ped 6.

16:00 All Saints' Hockerill, Stansted Road, CM23 2DY

Overhauled and enlarged earlier this year by Willis, who built the original organ in 1937. The organ uses the extension principle owing to an extremely tight chamber and now produces a noble sound in this beautiful church. Gt 11; Sw 10; Ped 10.

Tea and coffee will be provided, for which there will be a donations plate.

17:30 Hockerill Anglo European College, Dunmow Road, CM23 5HX

Originally by Hill (1878) and then overhauled by H.N&B in 1923, the organ was then drastically altered by Anthony Worsdell before being returned to its original specification by Johnsons in more recent years.

Gt 5; Sw 4; Ped 2.

Car parking - there are numerous town centre car parks very close to the first two churches with just a short ten to fifteen minute walk up the hill to Hockerill in the afternoon. Charge is £4.40 for all day parking.

For those who don't feel like walking up the Hill to All Saints there will be parking available at the Anglo European college (only available in the afternoon) which is just around the corner from All Saints.

There is also parking at the first church (St Michaels) for just 3 or 4 cars strictly for those with walking difficulties please.

“The art of making instant music!” - improvising on the organ

For the parish organist, and more advanced players.

The ability to improvise is an important skill – especially for the church organist – and it is fun! There are always moments during a service when pieces need to be extended or suitable music played for a short time. Improvisation is an “age-old skill and a wonderful practical and creative resource”.

Come and find out how to do it; or come and take your existing skills to a whole new level!

Observers also most welcome – come and pick up tips whilst relaxing and listening to others play.

The course will be directed by Ronny Krippner (“*A phenomenal improviser*” BBC Music Magazine) and Drew Cantrill-Fenwick (“*a formidable musician*” NZ Herald)
